“(4) when establishing the performance-based regulation provided for in section 48.1.”

2. The Act is amended by inserting the following section after section 48:

“48.1. The Régie shall establish a performance-based regulation to ensure efficiency gains by the electric power distributor and the electric power carrier.

The regulation must pursue the following objectives:

(1) ongoing improvement in performance and service quality;

(2) cost reduction that is beneficial to both consumers and the distributor or carrier; and

(3) streamlining of the process by which the Régie fixes or modifies the rates the electric power carrier and the electric power distributor charge consumers or a class of consumers.”

3. Section 52.2 of the Act, amended by section 64 of chapter 20 of the statutes of 2010, is again amended
(1) by replacing “by the Government in a regulation under subparagraph 2.1 of the first paragraph of section 112” in the first paragraph by “by the Government under the first paragraph of section 74.1.1 or subparagraph 2.1 of the first paragraph of section 112”;

The indexation rate may not be lower than zero;

(1) contracts for an energy block the Government determines, without exceeding 150 megawatts; and

(2) contracts related to the supply necessary for the integration of any energy block to which subparagraph 1 or 2.1 of the first paragraph of section 112 applies.

When it grants an exemption, the Government may, in accordance with Québec’s intergovernmental and international trade commitments, determine the terms, the suppliers and the quantity of electric power required under each supply contract, as well as the maximum price, for the purpose of establishing the cost of electric power under section 52.2 or for the purposes of the supply plan provided for in section 72.”

CHAPTER IV
FIGHT AGAINST UNREPORTED WORK IN THE CONSTRUCTION INDUSTRY

ACT RESPECTING LABOUR RELATIONS, VOCATIONAL TRAINING AND WORKFORCE MANAGEMENT IN THE CONSTRUCTION INDUSTRY

158. Section 1 of the Act respecting labour relations, vocational training and workforce management in the construction industry (chapter R-20) is amended by replacing subparagraph k.1 of the first paragraph by the following subparagraph:

“(k.1) “independent contractor”: a person or a partnership holding, where required, a specialized contractor’s licence issued under the Building Act (chapter B-1.1) who, for others and without the assistance of an employee, carries out construction work or, as the case may be, of which only one director, only one shareholder holding at least one voting share or only one partner personally carries out construction work for the benefit of the person or partnership;”.

159. Section 19 of the Act is amended by striking out everything following subparagraph 14 of the first paragraph.

160. The Act is amended by inserting the following sections after section 19:

“19.0.1. The following restrictions apply to construction work carried out by an independent contractor except in the case of excavation work or earthwork carried out by an independent contractor using heavy machinery or heavy equipment owned or leased by the independent contractor:

(1) an independent contractor may not carry out construction work other than maintenance, repair or minor renovation work;

(2) a professional employer may not directly or through an intermediary retain the services of an independent contractor to carry out construction work;

(3) a person other than a professional employer may not directly or through an intermediary retain the services of an independent contractor except to carry out maintenance, repair or minor renovation work;
(4) a person other than a professional employer may not directly or through an intermediary cause maintenance, repair and minor renovation work to be carried out simultaneously on the same job site by more than one independent contractor;

(5) an independent contractor must require remuneration at least equal, on an hourly basis, to the remuneration in currency and the compensation or benefits having pecuniary value determined by a collective agreement for an employee doing similar work, except benefits relating to a complementary social benefits plan; and

(6) a person who carries out construction work as an independent contractor must have in his possession a document attesting to his membership in the employers’ association.

19.0.2. The restrictions listed in paragraphs 1 to 5 of section 19.0.1 do not apply to construction work on a job site if the independent contractor meets all the following conditions for that job site:

(1) the independent contractor is a legal person or a partnership;

(2) the independent contractor requires as labour costs for the director, shareholder or partner, as the case may be, who carries out the work remuneration at least equal, on an hourly basis, to the remuneration in currency, the assessments, the contributions, the levy and the compensation or benefits having pecuniary value determined by this Act and the regulations or a collective agreement made under this Act for an employee doing similar work;

(3) the independent contractor enters in its books of account and its registers the same information and makes the same withholdings or deductions at source for the work of that director, shareholder or partner, as those provided for by this Act and the regulations or a collective agreement made under this Act that must be entered or made by an employer for an employee doing similar work, except the union assessment;

(4) the independent contractor transmits to the Commission the monthly report referred to in subparagraph b of the first paragraph of section 82 for all the hours spent on the work carried out by that director, shareholder or partner, and includes the amounts corresponding to those payable by an employer for an employee doing similar work, except the union assessment; and

(5) with respect to the work carried out by that director, shareholder or partner, the independent contractor meets the other requirements of this Act and the regulations or of a collective agreement made under this Act that must be met by an employer in respect of an employee doing similar work, unless the context indicates otherwise.

19.0.3. Under this Act and the regulations, an independent contractor is deemed to be an employer, subject to the second paragraph. In addition,
where the independent contractor is a legal person or a partnership, the director, shareholder or partner who personally carries out construction work for the benefit of the legal person or partnership is only subject, for the purposes of that work, to the requirements, conditions and restrictions applicable to the independent contractor.

For the purposes of the civil remedies brought under this Act, an independent contractor who carries out construction work on a job site in contravention of the restriction provided in paragraph 1 of section 19.0.1 is deemed to be, for that job site, the employee of the person who retained the services of the independent contractor to carry out that work.

The presumption in the second paragraph does not preclude the institution of penal proceedings against an independent contractor who carries out construction work in contravention of the restriction provided in paragraph 1 of section 19.0.1 or against the person who retained the services of the independent contractor to carry out that work.”

161. Section 19.1 of the Act is amended

(1) by inserting “holding, where required, a licence issued under the Building Act (chapter B-1.1)” after “each legal person or partnership” in the first paragraph;

(2) by adding “; however, the presumption does not apply to a director, shareholder or partner of the legal person or partnership who is an independent contractor” at the end of the third paragraph;

(3) by adding the following paragraph at the end:

“The designated representative of an independent contractor is subject to the requirements, conditions and restrictions listed in sections 19.0.1 to 19.0.3 that apply to the independent contractor.”

162. Section 19.2 of the Act is amended by adding the following paragraphs at the end:

“For the purposes of the civil remedies provided for in this Act, any individual who carries out construction work on a job site on behalf of another person without being an employer, employee, independent contractor or designated representative is deemed to be in the employ of the person responsible for all the work on the job site, unless that person establishes that the responsibility for the work done by that individual was entrusted, by contract, to a contractor holding the licence required under the Building Act (chapter B-1.1) or to an employer registered with the Commission; in such a case, the contractor or employer is deemed to be the individual’s employer with respect to the work carried out by the individual, unless the contractor or employer establishes that such responsibility was entrusted by contract to another contractor or employer.
For the purposes of the second paragraph, the owner of the immovable on which the work of the individual referred to in the second paragraph is carried out is deemed to be responsible for all the work on that job site, unless the owner establishes that such responsibility was entrusted by contract to another person.

The presumptions in the second and third paragraphs do not preclude the institution of penal proceedings against an individual who carries out construction work in contravention of the first paragraph or against the person who retained the individual’s services.”

163. Section 81 of the Act is amended, in the first paragraph,

(1) by replacing “recover from the employer who fails to transmit to it the monthly report prescribed by subparagraph b of the first paragraph of section 82, the amounts corresponding to the indemnities, contributions, assessments and levies which should have been transmitted with the report, and an additional amount equal to 20% in the case of a first failure, and to 40% of such amounts in other cases of such amounts” in subparagraph c.2 by “in the case of an employer who fails to transmit to it the monthly report prescribed by subparagraph b of the first paragraph of section 82 or transmits to it a monthly report that is inaccurate, false or incomplete, omitting, in particular, to report all the hours worked by the employees, recover from that employer the amounts corresponding to the indemnities, contributions, assessments and levies that should have been transmitted with an accurate, truthful and complete report, and an additional amount equal to 20% of those amounts, in the case of a first failure or false statement, and to 40% of those amounts in other cases”; 

(2) by inserting the following subparagraph after subparagraph c.2:

“(c.3) where it ascertains that construction work was carried out on an immovable the owner of which refuses or neglects, in contravention of section 81.0.1, to communicate to it the identity of the person responsible for all the construction work, the identity of the employers who carry out the work or cause it to be carried out or the identity of the employees who carry out the work, recover from the owner the amounts corresponding to the indemnities, contributions, assessments and levies otherwise payable by an employer under subparagraph c.2 and an additional amount equal to 20% of those amounts; the total amount claimed may be determined by an expert evaluation on the basis of the scope of the work carried out on the owner’s immovable or by any other means of proof establishing the number of hours required to carry out the work;”;

(3) by replacing “c.2” in subparagraph d by “c.3”.

164. Section 81.2 of the Act is amended

The Régie must revise the notices of payment issued, in order to reduce each of the instalments payable on 31 March, 30 June and 30 September 2013 by one quarter of the amount of the reduction of the annual duty that was redetermined by the Régie taking into account the exclusion of the volumes of natural gas and fuel that a distributor states it distributed to, sold to or traded with an emitter and the exclusion of the volumes of fuel that a distributor states it brought in for its consumption even though it is an emitter referred to in subparagraph a of subparagraph 2 of the sixth paragraph during the fiscal year to which the statement that was to be filed on or before 31 March 2012, in accordance with section 85.37, applies.

The following statements must be sent to the Régie,

(1) before 1 September 2013:
   (a) the statement referred to in the second paragraph with regard to the reduction of the instalments payable from 31 December 2013 to 30 September 2014; and
   (b) the statement referred to in the third paragraph;

(2) in the statement required under section 85.37: the statement referred to in the second paragraph with regard to the reduction of the instalment payable on 31 December 2014.
The distributor must attach to the statement, if applicable, any documents sent to it under paragraph 3 of section 85.36.1.

For the purposes of this section, except the first paragraph,

(1) the volumes of fuel do not include gasoline or diesel;

(2) an emitter means

(a) an emitter that is required to cover its greenhouse gas emissions with emission allowances within the meaning of the second paragraph of section 46.6 of the Environment Quality Act (chapter Q-2) and that is registered in accordance with the Regulation respecting a cap-and-trade system for greenhouse gas emission allowances (chapter Q-2, r. 46.1), as well as, if applicable, the perpetrators of those emissions; or

(b) a distributor that is considered an emitter under section 85.36.1.

The distributor must cease transferring the duty to emitters to which it distributes or sells volumes of natural gas and fuel or with which it trades volumes of fuel. It must also pass on, by any means it considers appropriate, the benefit resulting from the exclusion under the second paragraph and from the revision and reduction under the third paragraph to the emitters to which it previously transferred the duty.”;

(3) as if the following sections were inserted after section 85.36:

“85.36.1. A distributor is considered to be an emitter in respect of the volumes attested to in the document described in paragraph 3, if

(2) the Régie did not send it the notice provided for in section 85.38 in respect of those volumes; and

(3) it sent the other distributor a document attesting to the volumes that the other distributor distributed to, sold to or traded with it and that it distributed to, sold to or traded with the emitter.

“85.36.2. The Régie shall publish in the Gazette officielle du Québec a notice of the rate used to calculate the duty to be paid into the Green Fund for the period from 1 October 2012 to 30 September 2013, determined in dollars per ton of carbon dioxide (CO₂) generated by the combustion of the volumes of natural gas and fuel that are brought into, distributed, sold or traded in Québec.

The rate is used to calculate the annual duty payable into the Green Fund until 31 December 2014.”;
(4) as if the following paragraph was added at the end of section 85.39:

“Before that date, the Minister of Sustainable Development, Environment and Parks shall send the Régie the list of emitters that are required to cover their greenhouse gas emissions with emission allowances within the meaning of the second paragraph of section 46.6 of the Environment Quality Act (chapter Q-2) and that are registered in accordance with the Regulation respecting a cap-and-trade system for greenhouse gas emission allowances (chapter Q-2, r. 46.1).”;

(5) as if section 114 was amended

(a) by striking out “rates,” in subparagraph 9 of the first paragraph;

(b) by striking out “rate,” in the third paragraph;

(c) by adding the following paragraphs at the end:

“The method of calculation referred to in subparagraph 9 of the first paragraph may provide for the repayment of any overpayments made by a distributor.

The sums to be repaid to a distributor are paid by the Minister of Sustainable Development, Environment and Parks. The surplus so paid may be taken out of the Consolidated Revenue Fund and debited from the Green Fund.

It is incumbent upon the Régie de l’énergie to determine the sums to be repaid to a distributor.

The sums to be repaid bear interest at the rate set under the second paragraph of section 28 of the Tax Administration Act (chapter A-6.002) as long as they stand to the credit of the Green Fund. Interest is capitalized monthly.”;

(6) as if “or under the fourth paragraph of section 85.36” was inserted after “85.37” in the third paragraph of section 117.

184. The provisions of Chapter VI.3 of the Act respecting the Régie de l’énergie, as they read on 31 December 2014, and paragraph 3.1 of section 15.4 of the Act respecting the Ministère du Développement durable, de l’Environnement et des Parcs continue to have effect to the extent required to establish a duty payable before 1 January 2015.

185. The Regulation respecting the delegation of management of certain parts of a cap-and-trade system for greenhouse gas emission allowances (2012, G.O. 2, 3613) is deemed to be the notice required under the third paragraph of section 46.13 of the Environment Quality Act (chapter Q-2), as amended by section 175 of this Act, with regard to the first agreement entered into under that section.
