

Regulations and other Acts

Gouvernement du Québec

O.C. 1358-2021, 27 October 2021

Date on which the provisions of the Act to establish a caregiver support fund cease to have effect

WHEREAS the Act to establish a caregiver support fund (chapter F-3.2.1.1) provides, in particular, for the creation of the caregiver support fund to support caregivers who provide unpaid in-home care and regular assistance to seniors with a significant or persistent disability that may compromise their ability to continue living at home, the measures governing the establishment and management of the fund, as well as certain rules applicable to the Société de gestion pour le soutien aux proches aidants;

WHEREAS the first paragraph of section 18 of the Act provides that the provisions of the Act cease to have effect on the date or dates to be set by the Government, which may not be prior to 1 April 2019;

WHEREAS the second paragraph of section 18 of the Act provides that any sum remaining in the fund on the date section 1 of the Act ceases to have effect is transferred to the general fund and appropriated, in the manner established by the Government, to the funding of such complementary measures consistent with the purpose of the caregiver support fund as are determined by the Government;

WHEREAS it is expedient to set 31 October 2021 as the date on which the provisions of the Act cease to have effect;

WHEREAS it is expedient, as of that date, to appropriate the remaining funds transferred to the general fund to the funding of measures in order to raise awareness about the contribution of caregivers, have it recognized and support caregivers in their role;

IT IS ORDERED, therefore, on the recommendation of the Minister Responsible for Seniors and Informal Caregivers:

THAT 31 October 2021 be set as the date on which the provisions of the Act to establish a caregiver support fund (chapter F-3.2.1.1) cease to have effect;

THAT, as of that date, the remaining funds in the caregiver support fund transferred to the general fund be appropriated to the funding of measures in order to raise awareness about the contribution of caregivers, have it recognized and support caregivers in their role.

Gouvernement du Québec

O.C. 1369-2021, 27 October 2021

Environment Quality Act
(chapter Q-2)

Compensation for adverse effects on wetlands and bodies of water and other regulatory provisions — Amendment

Regulation to amend mainly the Regulation respecting compensation for adverse effects on wetlands and bodies of water and other regulatory provisions

WHEREAS, under the first and third paragraphs of section 31.0.6 of the Environment Quality Act (chapter Q-2), the Government may, by regulation, designate the activities referred to in section 22 or 30 of the Act that, subject to the conditions, restrictions and prohibitions determined in the regulation, are eligible for a declaration of compliance under subdivision 2 of Division II of Chapter IV of the Act and the regulation may also prescribe any transitional measure applicable to activities in progress that become eligible for such a declaration on the date of its coming into force;

WHEREAS, under section 31.0.7 of the Act, declarations of compliance filed by the Minister of the Environment and the Fight Against Climate Change must include the information and documents determined by regulation of the Government in the manner and form specified in the regulation and the regulation may, in particular, require that a declaration be signed by a professional or any other person qualified in the field concerned, who must attest that the proposed activity meets any conditions, restrictions and prohibitions determined in the regulation;

WHEREAS, under the first and fourth paragraphs of section 31.0.11 of the Act, the Government may, by regulation and subject to any conditions, restrictions and prohibitions specified in it, exempt certain activities referred to in section 22 of the Act from subdivision 1 of Division II of Chapter IV of Title I of the Act and a regulation made under section 31.0.11 of the Act may also prescribe any transitional measure applicable to the activities concerned that are in progress on the date of its coming into force;

WHEREAS, under the first paragraph of section 46.0.5 of the Act, the issue of an authorization under subparagraph 4 of the first paragraph of section 22 of the Act is subject to the payment of a financial contribution, the amount of which is established in accordance with a government regulation, to compensate for adverse effects on the wetlands and bodies of water concerned if the activities listed in that paragraph are implemented;

WHEREAS, under the second paragraph of section 46.0.5 of the Act, if a financial contribution is payable, the Minister of the Environment and the Fight Against Climate Change may allow applicants, at their request and in cases provided for by government regulation, to replace all or part of the payment of the contribution by work carried out to restore or create wetlands and bodies of water, subject to the conditions, restrictions and prohibitions set out in the authorization;

WHEREAS, under paragraph 1 of section 46.0.22 of the Act, the Government may, by regulation, determine the applicable elements, scales and methods for assessing damage that a project could cause to wetlands and bodies of water and for determining the amount of the financial contribution required as compensation for the damage;

WHEREAS, under paragraph 5 of section 46.0.22 of the Act, the Government may, by regulation, provide for the cases in which a financial contribution required under Division V.1 of Chapter IV of the Act may be replaced by work carried out to restore or create wetlands and bodies of water and specify the standards applicable to such work;

WHEREAS, under paragraph 7 of section 46.0.22 of the Act, the Government may, by regulation, exempt, subject to the conditions, restrictions or prohibitions it determines, certain activities referred to in the first paragraph of section 46.0.5 of the Act from the requirement to pay a financial contribution to compensate for adverse effects on wetlands and bodies of water;

WHEREAS, under subparagraph 7 of the first paragraph of section 95.1 of the Act, the Government may make regulations to define environmental protection and quality standards for all or part of the territory of Québec;

WHEREAS, under subparagraph 8 of the first paragraph of section 95.1 of the Act, the Government may make regulations to establish boundaries for territories and prescribe environmental protection and quality standards specific to each one, in particular to take into account its characteristics, the cumulative effects of its development, the support capacity of its ecosystems, and the human disturbances and pressures affecting its drainage basins;

WHEREAS, under subparagraph 9 of the first paragraph of section 95.1 of the Act, the Government may make regulations to exempt any person, municipality or class of activity it determines from all or part of the Act and prescribe, in such cases, environmental protection and quality standards applicable to the exempted persons, municipalities and activities, which may vary according to the type of activity, the territory concerned or the characteristics of the milieu;

WHEREAS, under subparagraph 13 of the first paragraph of section 95.1 of the Act, the Government may make regulations to determine the terms and conditions governing authorization, accreditation or certification applications made under the Act, and those governing applications to amend, suspend or revoke an existing authorization, accreditation or certification, including the use of a specific form; those terms and conditions may vary according to the type of structure, works, industrial process, industry, work or other activity;

WHEREAS, under the second paragraph of section 95.1 of the Act, a regulation made under the section may also prescribe any transitional measure necessary for its implementation;

WHEREAS the Government made the following regulations:

— the Regulation respecting compensation for adverse effects on wetlands and bodies of water (chapter Q-2, r. 9.1);

— the Regulation respecting sand pits and quarries (chapter Q-2, r. 7.1);

— the Regulation respecting the regulatory scheme applying to activities on the basis of their environmental impact (chapter Q-2, r. 17.1);

WHEREAS, in accordance with sections 10 and 11 of the Regulations Act (chapter R-18.1), the draft Regulation to amend mainly the Regulation respecting compensation for adverse effects on wetlands and bodies of water and other regulatory provisions was published in Part 2 of the *Gazette officielle du Québec* of 7 July 2021 with a notice that it could be made by the Government on the expiry of 45 days following that publication;

WHEREAS it is expedient to make the Regulation to amend mainly the Regulation respecting compensation for adverse effects on wetlands and bodies of water and other regulatory provisions with amendments;

IT IS ORDERED, therefore, on the recommendation of the Minister of the Environment and the Fight Against Climate Change:

THAT the Regulation to amend mainly the Regulation respecting compensation for adverse effects on wetlands and bodies of water and other regulatory provisions, attached to this Order in Council, be made.

YVES OUELLET
Clerk of the Conseil exécutif

Regulation to amend mainly the Regulation respecting compensation for adverse effects on wetlands and bodies of water and other regulatory provisions

Environment Quality Act
(chapter Q-2, ss. 31.0.6, 31.0.7, 31.0.11, 46.0.5, 46.0.22 and 95.1)

REGULATION RESPECTING COMPENSATION FOR ADVERSE EFFECTS ON WETLANDS AND BODIES OF WATER

1. The Regulation respecting compensation for adverse effects on wetlands and bodies of water (chapter Q-2, r. 9.1) is amended by replacing section 1 by the following:

“**1.** This Regulation applies to activities subject to ministerial authorization under subparagraph 4 of the first paragraph of section 22 of the Environment Quality Act (chapter Q-2), herein called the “Act”.

More specifically, it provides the rules applicable to the compensation regime for adverse effects on wetlands and bodies of water provided for in Division V.1 of Chapter IV

of Title I of the Act. It determines in particular the activities that are exempt from the requirement to compensate, the calculation method of the amount of the financial contribution payable as compensation and the cases in which the financial contribution may be replaced by work carried out to restore or create wetlands and bodies of water.”

2. Section 4 is replaced by the following:

“**4.** For the purposes of this Regulation, unless otherwise indicated by the context,

“forest development activity” means an activity referred to in paragraph 1 of section 4 of the Sustainable Forest Development Act (chapter A-18.1) that specifically targets forest enhancement and conservation;

“public body” means any body to which the Government or a minister appoints the majority of the members, to which, by law, the personnel is appointed in accordance with the Public Service Act (chapter F-3.1.1), or at least half of whose capital stock is derived from the Consolidated Revenue Fund;

“silvicultural treatment” means a forest development activity intended, as part of a given silvicultural regime and scenario, to direct the development of a stand, and in particular its renewal, or to improve its yield and quality.

In addition, unless otherwise provided for,

(1) the expressions “watercourse”, “littoral zone”, “wetland”, “body of water”, “wooded wetland”, “open wetland”, “floodplain”, “lakeshore” and “riverbank”, “wooded peat bog” and “open peat bog” have the same meaning as in the Regulation respecting activities in wetlands, bodies of water and sensitive areas (chapter Q-2, r. 0.1);

(2) paragraphs 1 to 4 of section 313 of the Regulation respecting the regulatory scheme applying to activities on the basis of their environmental impact (chapter Q-2, r. 17.1);

(3) the bioclimatic domains are those referred to in Schedule III of the Regulation respecting the regulatory scheme applying to activities on the basis of their environmental impact.”

3. Section 5 is amended

(1) in the first paragraph,

(a) by replacing subparagraph 1 by the following:

“(1) projects that result in a cumulative loss of area according to the type of environment concerned

(a) of 30 m² or less of open wetland or a body of water;

(b) of 300 m² or less of wooded wetland;”;

(b) by inserting “maintain, re-establish or” after “to” in subparagraph 2;

(c) by replacing subparagraph 3 by the following:

“(3) work carried out in the floodplain associated with a 100-year flood event of a lake or watercourse and, if it is demonstrated that the work will not result in a decrease of the flood routing capacity, work carried out in

(a) the floodplain associated with a 20-year flood event; and

(b) the floodplain where the 20-year and 100-year flood events are not distinguished;”;

(d) by striking out subparagraph 5;

(e) by replacing subparagraph 6 by the following:

“(6) work subject to a general authorization within the meaning of section 31.0.5.1 of the Act when carried out in a watercourse whose geometry has already been modified in accordance with an agreement, municipal by-law or authorization, and work referred to in section 105 of the Municipal Powers Act (chapter C-47.1);”;

(f) by striking out subparagraph 9;

(g) by replacing subparagraph 10 by the following:

“(10) work related to slope stabilization work carried out on the shore or bank or in the littoral zone of a lake or watercourse when using one of the following methods:

(a) phytotechnology;

(b) when the work relates to a road infrastructure, a water management or treatment facility referred to in section 32 of the Act or an electric power transmission and distribution network, where the work is carried out by a department, a public body or an entity that has jurisdiction in any of the territories listed in Schedule IV,

i. a method combining phytotechnology and the use of inert woody materials;

ii. a method combining phytotechnology and keyed rock infill;”;

(h) by replacing “beach nourishment to counter the effects of erosion” in subparagraph 11 by “sedimentary nourishment to counter a sedimentary deficit”;

(i) by replacing subparagraphs 12 and 13 by the following:

“(12) the development or expansion of a new parcel of land for the cultivation of non-aquatic plants and mushrooms, and work on infrastructures directly connected to such cultivation, when the activities are carried out in wooded wetland located outside the sugar maple-bitternut hickory bioclimatic domain;

(13) with the exception of silvicultural drainage, silvicultural treatments carried out in an open wetland and other forest development activities carried out in a wooded wetland;

(14) work to redevelop and rehabilitate an abandoned mining site carried out by the minister responsible for natural resources;

(15) the work referred to in sections 29 and 30 of the Regulation respecting municipal wastewater treatment works (chapter Q-2, r. 34.1) carried out by a municipality to comply with the standards applicable to a wastewater treatment works.”;

(2) by replacing the second paragraph by the following:

“For the purposes of subparagraph 12 of the first paragraph, activities carried out in a 100m strip of wooded wetland bordering on an open peat bog of less than 4 ha are not exempted.”.

4. Section 6 is amended

(1) by replacing “in the domain of the State, calculated at a value of \$0.8307 per square metre” in the description of the factor “vl” by “or waters in the domain of the State, calculated using the price mentioned in section 5 of Division II of Schedule I to the Regulation respecting the sale, lease and granting of immovable rights on lands in the domain of the State (chapter T-8.1, r. 7)”;

(2) by adding the following paragraph after the formula:

“The value of the factor “vl”, as determined in Schedule IV, is updated on 1 January each year, and the Minister publishes the result of the update by means of a notice in the *Gazette officielle du Québec* or by any other means the Minister considers appropriate.”

5. Section 7 is amended by replacing the third paragraph by the following:

“The adjusted cost is reduced to the nearest dollar if it contains a fraction of a dollar less than \$0.50; it is increased to the nearest dollar if it contains a fraction of a dollar equal to or greater than \$0.50.”

6. Section 10 is amended

(1) in the first paragraph,

(a) in the portion before subparagraph 1

i. by replacing “ou” after “humides” in the French text by “et”;

ii. by replacing “following work” by “following activities”;

(b) by replacing subparagraph 1 by the following:

“(1) work related to a road infrastructure, a bike path, a hiking trail, a water management or treatment facility referred to in section 32 of the Act or an electric power transmission and distribution network, where the work is carried out by

(a) a department, a public body or an entity that has jurisdiction on any of the territories listed in Schedule IV;

(b) a person that has made an agreement with a municipality in accordance with subparagraph 1 of the first paragraph of section 145.21 of the Act respecting land use planning and development (chapter A-19.1);”;

(c) by replacing subparagraph 4 by the following:

“(4) the development or expansion of a new parcel of land for the cultivation of non-aquatic plants and mushrooms, and work on infrastructures directly connected to such cultivation, when

(a) the activity is carried out in an open wetland other than an open peat bog with an area of at least 4 ha; or

(b) the activity is carried out in a wooded wetland in the sugar maple-bitternut hickory bioclimatic domain;”;

(d) by striking out “within the meaning of section 32 of the Act respecting the exercise of certain municipal powers in certain urban agglomerations (chapter E-20.001),” in subparagraph 5;

(e) by adding the following at the end:

“(6) the following forest development activities:

(a) silvicultural drainage carried out in a wetland or on the shore or bank or in the floodplain of a lake or watercourse;

(b) any other forest development activity carried out in an open wetland or on the shore or bank or in the floodplain of a lake or watercourse;

(7) all work on the shore or bank or in the floodplain of a lake or watercourse when carried out by a government department, a public body or an entity having authority over one of the places listed in Schedule IV.”;

(2) by replacing the second paragraph by the following:

“For the purposes of subparagraph 4 of the first paragraph, activities carried out in a 100m strip of wooded wetland bordering on an open peat bog of less than 4 ha are not concerned.

The activities mentioned in the first paragraph exclude those referred to in section 5.”

7. The following is inserted after section 10:

“**10.1.** An applicant who wishes to replace the payment of a financial contribution pursuant to section 10 must, when informed of the amount of the required financial contribution, file an application with the Minister for that purpose, accompanied by a plan of the work to restore or create wetlands or bodies of water.

The work that an applicant plans to carry out must target the following objectives:

- (1) in the case of work on wetlands:
 - (a) the retention of the water surface to ensure a hydrological regime typical of a wetland;
 - (b) a regeneration of hygrophilous vegetation after 3 years;
 - (2) in the case of work on bodies of water:
 - (a) an improvement in the hydrogeomorphologic state of the watercourse, along with habitat connectivity and heterogeneity;
 - (b) the restoration of the natural dynamics for all the bodies of water on the site;
 - (3) the presence, in the restored or newly created environments, of biophysical characteristics and plant associations that are typical of wetlands and bodies of water and approach the natural state of similar environments;
 - (4) a contribution to the preservation of the habitat of a threatened or vulnerable species referred to in the Regulation respecting threatened or vulnerable wildlife species and their habitats (chapter E-12.01, r. 2) or the Regulation respecting threatened or vulnerable plant species and their habitats (chapter E-12.01, r. 3), as the case may be.
- 10.2.** The application referred to in the first paragraph of section 10.1 must contain an assessment of the relevance of the site selected for the work to restore or create wetlands or bodies of water, including the following information and documents:
- (1) the location of the site selected to carry out the work;
 - (2) an assessment of the potential or need for the restoration or creation of wetlands or bodies of water on the site;
 - (3) the environmental advantages and disadvantages of the work, with a description of the expected gains in terms of the area and ecological functions of the restored or newly created wetlands and bodies of water that will compensate for the damage caused by the project;

(4) the land uses allowed on the site by the municipality under a zoning by-law.

10.3. The plan of work to restore or create wetlands or bodies of water referred to in the first paragraph of section 10.1 must include the following information and documents:

- (1) a georeferenced map showing the location of the types of wetlands and bodies of water present on the site selected before the work is carried out, and of the wetlands or bodies of water that will be restored or created;
- (2) a detailed characterization of the site or sites selected to carry out the work;
- (3) the objectives of the work;
- (4) a detailed description of the work;
- (5) a plan of the work and the timeframe for carrying out the plan;
- (6) the monitoring measures that will be applied in the first, third and fifth years after the work is completed and any corrective measures that must be provided for following the work.”.

8. Section 13 is revoked.

9. Section 14.1 is amended by inserting “subparagraph *b* of subparagraph 6 and subparagraph 7 of the first paragraph of section 10,” after “9.”.

10. Section 15 is amended by inserting “subparagraph *b* of subparagraph 6 and subparagraph 7 of the first paragraph of section 10,” after “9.”.

11. Schedule II is amended

(1) by adding the following at the end of the portion before the table in section 1:

“In the case of an open peat bog, the factor “ I_{FINI} ” is, in all cases, set at 1. The same applies when it is not possible to determine the initial state of an environment.”;

(2) by replacing the table in section 2 by the following:

Impact of the activity over the portion of the wetland affected by the activity				
Components	Negligible NI = 0.9	Low NI = 0.6	High NI = 0.1	Very high NI = 0
Vegetation	Undisturbed vegetation	Disturbed or destroyed vegetation over less than 20% of the affected portion of the wetland	Disturbed or destroyed vegetation over more than 20% or more of the affected portion of the wetland	N/A
Soil	Compacted soil or soil subject to rutting over less than 5% of the affected portion of the wetland	Compacted soil or soil subject to rutting over 5% or more of the affected portion of the wetland OR Soil affected by work that does not change, in the entire affected portion of the wetland, the direction of the flow of water	Disturbed, ploughed or excavated soil OR Soil affected by work that changes, in the entire affected portion of the wetland, the direction of the flow of water	Removed, covered or sealed soil in the entire affected portion of the wetland
Water	Undisturbed hydrological regime	Disturbed hydrological regime over less than 5% of the affected portion of the wetland	Disturbed hydrological regime over 5% to 40% of the affected portion of the wetland	Disturbed hydrological regime over more than 40% of the affected portion of the wetland

(3) by striking out section 3.

12. Schedule III is amended

(1) by replacing section 1 by the following:

“1. The factor representing the initial state of the portion of the littoral zone affected by the activity “ I_{FINI} ” is

(1) in the part of a watercourse following the bed of a ditch, set at 1;

(2) in the part of a watercourse whose geometry has already been modified in accordance with an agreement, municipal by-law or authorization, set at 1.2;

(3) in all other cases, set at 1.5.”;

(2) by replacing the second paragraph of section 2 by the following:

“Where none of the situations described in the table applies, the factor “ I_{FINI} ” is set at 1.2. The same applies when it is not possible to determine the initial state of an environment.”;

(3) by replacing the second paragraph of section 3 by the following:

“Where none of the situations described in the table applies, the factor “ I_{FINI} ” is set at 1. The same applies when it is not possible to determine the initial state of an environment.”;

(4) by replacing the table in section 4 by the following:

“

Impact of the activity on the portion of the littoral zone affected by the activity			
Components	Low NI = 0.7	High NI = 0.3	Very high NI = 0
Biological	Plant associations or aquatic macrophyte stands destroyed over less than 20% of its total area	Plant associations or aquatic macrophyte stands destroyed over 20% to 75% of its total area	Plant associations or aquatic macrophyte stands destroyed over more than 75% of its total area OR Destruction, even partial, of spawning areas
Soil	Digging or dredging over a distance of less than 5 times the width of the watercourse and not more than 30 m OR Presence of a stabilization work for the catchment of sediments in the affected portion of the littoral zone of the lake or watercourse OR Presence of a stabilization work in a gentle slope for the dissipation of the energy of the waves from the St. Lawrence Estuary, the Gulf of St. Lawrence or the seas surrounding Québec OR Presence of a mechanical stabilization work using inert woody materials	Digging or dredging over a distance of 5 to 10 times the width of the watercourse and not more than 60 m OR Digging or dredging in the St. Lawrence Estuary, the Gulf of St. Lawrence or the seas surrounding Québec OR Discharge in open water of dredged sediments	Digging or dredging over a distance of more than 10 times the width of the watercourse or more than 60 m OR Digging or dredging in the littoral zone of the lake OR Natural substratum removed over more than 20% of the affected portion of the littoral zone of the lake or watercourse OR Modification of the longitudinal slope or fluvial style of the affected portion of the littoral zone of the watercourse OR Presence of any stabilization work not described in this table OR Channelling, even partial, of the affected portion of the littoral zone of the lake or watercourse

Water	Filling carried out over a distance of not more than 5 times the width of the watercourse and not more than 30 m	Filling over a distance of more than 5 times the width of the watercourse or more than 30 m OR Filling in the St. Lawrence Estuary, the Gulf of St. Lawrence or the seas surrounding Québec	Filling reducing by more than 20% the width of the watercourse OR Presence of an infrastructure, work or building, other than a stabilization work, in the littoral zone of the lake or watercourse OR Filling carried out in the littoral zone of the lake
--------------	--	---	---

(5) by replacing “0.5” in section 5 by “1”;

(6) in section 6,

(a) by replacing “structure or work” by “infrastructure, work or building”;

(b) by replacing “0.1” by “0.5”;

(7) by replacing the table in section 7 by the following:

“

Impact of the activity on the portion of the lakeshore or riverbank affected by the activity		
Low NI = 0.7	High NI = 0.3	Very high NI = 0
Vegetation destroyed over less than 20% of the affected portion of the lakeshore or riverbank	Vegetation destroyed over 20% to 75% of the affected portion of the lakeshore or riverbank OR Filling carried out over 20% or more of the affected portion of the lakeshore or riverbank OR Presence of an infrastructure, work or building over less than 20% of the affected portion of the lakeshore or riverbank	Vegetation destroyed over more than 75% of the affected portion of the lakeshore or riverbank OR Presence of a structure or work over 20% or more of the affected portion of the lakeshore or riverbank

”.

(8) by replacing the table in section 8 by the following:

“

Impact of the activity on the portion of the floodplain affected by the activity		
Low	High	Very high
NI = 0.7	NI = 0.3	NI = 0
Vegetation destroyed over less than 20% of the affected portion of the floodplain	Vegetation destroyed over 20% to 75% of the affected portion of the floodplain	Vegetation destroyed over more than 75% of the affected portion of the floodplain OR Presence of an infrastructure, work, building or filling in the affected portion of the floodplain

”

13. Schedule IV is amended

(1) by replacing “is, in all cases, set at “1”” in the portion before the table in section 1 by “that is applicable to the activity is that of the nearest local municipality”;

(2) by replacing the table in section 1 by the following:

“

* For the purpose of this Schedule, the term "Indian reserve" refers to a reserve within the meaning of the Indian Act (R.S.C. 1985, c. I-5), an Indian establishment and the Kanesatake Mohawk interim land base within the meaning of the Kanesatake Interim Land Base Governance Act (S.C. 2001, c. 8)."

REGULATION RESPECTING SAND PITS
AND QUARRIES

14. The Regulation respecting sand pits and quarries (chapter Q-2, r. 7.1) is amended in section 20 by replacing “section 344” in the fourth paragraph by “sections 343.2 and 344”.

REGULATION RESPECTING THE REGULATORY
SCHEME APPLYING TO ACTIVITIES ON THE
BASIS OF THEIR ENVIRONMENTAL IMPACT

15. The Regulation respecting the regulatory scheme applying to activities on the basis of their environmental impact (chapter Q-2, r. 17.1) is amended in section 4 by adding the following at the end:

“(14) bioclimatic domains are those referred to in Schedule III.”.

16. Section 24 is amended by replacing subparagraph 1 in the first paragraph by the following:

“(1) maintenance work on a watercourse is work

(a) to maintain it in a functional hydraulic and ecological state by

i. maintaining or restoring the watercourse to a dynamic balance, as reflected in a hydraulic geometry adapted to the conditions of the watershed; or

ii. maintaining or re-establishing the ecological functions of the watercourse;

(b) carried out by cleaning; or

(c) ensuring proper management of vegetation and sediments in the littoral zone or on a riverbank, lakeshore or floodplain;”.

17. Section 51 is amended, in subparagraph 6 of the first paragraph,

(1) by striking out “cannabis;”;

(2) by inserting “raised in wetlands and bodies of water and crops” after “crops”.

18. Section 132 is replaced by the following:

“**132.** This Division applies to the cultivation of non-aquatic plants and mushrooms in a building or greenhouse.”

19. Section 133 is amended by replacing “or mushrooms” in paragraph 2 by “, other than cannabis, and of mushrooms”.

20. Section 134 is revoked.

21. Section 135 is amended by replacing the first paragraph by the following:

“The cultivation of non-aquatic plants, other than cannabis, and of mushrooms in a building or greenhouse, carried on by an operator on a total area of more than 10,000 m² but less than 50,000 m², is eligible for a declaration of compliance on the condition that all wastewater discharged into the environment is stored in a watertight container before being spread on a cultivated parcel in accordance with an agri-environmental fertilization plan, or before being eliminated.”.

22. Section 136 is amended

(1) by replacing “All activities involved in the” by “The”;

(2) by striking out the letter “s” at the end of the word “exercées” in the French text.

23. Section 137 is renumbered 340.1.

24. Section 138 is revoked.

25. Section 139 is renumbered 345.1.

26. Section 328 is amended by adding the following paragraph at the end:

“For the construction of a building used for maple syrup production as part of a forest development activity in a wooded wetland, the conditions set out in subparagraphs 2 and 3 of the first paragraph do not apply but the area of the building must not exceed 100 m².”.

27. Section 341 is amended by adding the following at the end:

“(6) the cultivation of non-aquatic plants or mushrooms and tree-clearing work to prepare the land for cultivation.”.

28. The following is inserted before section 342:

“§1. *General provision*”.

29. The following is inserted before section 343:

“§2. *Activities eligible for a declaration of compliance*”.

30. The following is inserted after section 343:

“**343.1.** Tree-clearing work to prepare the land for cultivation, and the subsequent cultivation of non-aquatic plants or mushrooms, are eligible for a declaration of compliance when carried out in a wooded wetland with an area of not more than 10 ha, on the following conditions:

(1) the activity is carried out outside the sugar maple-bitternut hickory and sugar maple-basswood bioclimatic domains;

(2) the activity is carried out more than 100 m from an open peat bog.

In addition to the elements provided for in section 41, a declaration of compliance under the first paragraph must include the area of the wooded wetland affected by the work, as well as a declaration from an agronomist attesting that the activity complies with the conditions applicable under this Division and the conditions, if any, provided for by regulation.

343.2. An activity carried out in a wetland of more than 1,000 m² but less than 3,000 m² in area, of human origin, is eligible for a declaration of compliance on the following conditions:

(1) the activity is carried out outside the sugar maple-bitternut hickory bioclimatic domain;

(2) the activity is carried out more than 30 m from any other wetland and from the littoral zone;

(3) the wetland has been present for at least 10 years;

(4) the wetland does not result from work performed under a program to promote the restoration and creation of wetlands and bodies of water drawn up pursuant to the Act to affirm the collective nature of water resources and to promote better governance of water and associated environments (chapter C-6.2) or work performed in accordance with the Regulation respecting compensation for adverse effects on wetlands and bodies of water (chapter Q-2, r. 9.1).”.

“§3. *Exempted activities*”.

31. Section 345 is amended by adding the following at the end:

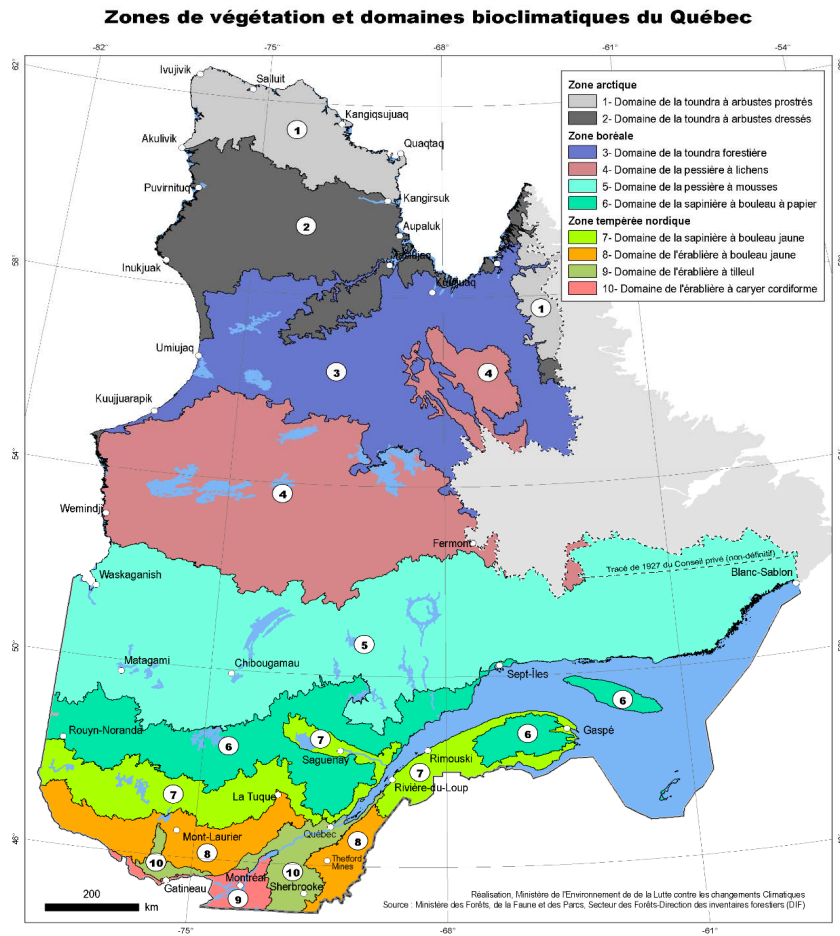

“(4) in connection with a forest development activity carried out in a wooded wetland, the burying of pipes to carry sap and the associated wires.”.

32. The following is added at the end:

“SCHEDULE III –
(s. 4)

BIOCLIMATIC DOMAINS

When an activity is carried out in the territory of a municipality that overlaps more than one bioclimatic domain, the bioclimatic domain applicable to the activity is the domain that represents the largest part of the territory of the municipality.

TRANSITIONAL AND FINAL

33. Every application for the issuance, amendment or renewal of an authorization filed with the Minister under the Environment Quality Act (chapter Q-2) that is pending on 31 December 2021 is continued and decided in accordance with the Regulation respecting compensation for adverse effects on wetlands and bodies of water (chapter Q-2, r. 9.1) as amended by this Regulation.

34. A person or municipality that, before 31 December 2021, is awaiting the issuance, amendment or renewal of an authorization under the Environment Quality Act (chapter Q-2) for an activity that, on or after date, is eligible for a declaration of compliance may file a declaration of compliance with the Minister for that activity.

Any documents required for a declaration of compliance that were previously filed for the application for authorization, amendment or renewal need not be re-filed.

The fee payable for the declaration of compliance need not be paid if the fee payable for the application for authorization, amendment or renewal has been deposited.

35. A person or municipality that, before 31 December 2021, filed a declaration of compliance in accordance with the Environment Quality Act (chapter Q-2) and that, on 31 December 2021, has not yet carried out the activity described in the declaration of compliance, may comply with the eligibility conditions set out in the Regulation respecting the regulatory scheme applying to activities on the basis of their environmental impact (chapter Q-2, r. 17.1) that applied to the activity on the date the declaration of compliance was filed with the Minister.

36. Every application for the issuance, amendment or renewal of an authorization filed with the Minister under the Environment Quality Act (chapter Q-2) before 31 December 2021 for an activity that, on or after that date, is exempted, is continued and decided solely with respect to the activities that remain subject to ministerial authorization or an amendment of authorization pursuant to that Act.

The fee payable for the part of the application concerning an exempted activity may be refunded on request.

37. This Regulation comes into force on 31 December 2021.
